

Yeah, Why Not?

<b>START POSITION:</b> Toes Touching Xs		
<b>GUN READY CONDITION:</b> Handgun loaded and holstered, PCC loaded buttstock on belt.	<b>SCORING:</b>	Comstock, 24 rounds, 120 points
	<b>TARGETS:</b>	12 USPSA
	<b>SCORED HITS:</b>	Best 2 per paper
<b>STAGE PROCEDURE:</b> Upon start signal, engage targets as visible from within shooting area.	<b>START-STOP:</b>	Audible - Last shot
	<b>RULES:</b>	USPSA current edition

## Stage Setup Notes:

The two middle targets should only be able to be shot from the opposite corner by the middle wall. Faults and wall should be set so facilitate this.

Beside the two middle targets, nothing on the right should be visible from the left and vice versa.

Barrel should keep the single and double being shot from the same position.

Watch shoot throughs on middle targets from angle on the sides
